Abdul Ahad

Jr. SQA Engineer

ahadofficial2005@gmail.com | +92 330 3160326 | My Portfolio | LinkedIn | GitHub

PROFILE SUMMARY

Entry-level Software Quality Assurance (SQA) Engineer with hands-on experience in manual and API testing of web and mobile applications. Previously worked as a QA Intern at Bits Collision, where I gained practical experience in test case design, execution, and defect reporting. Experienced in API testing using Postman, cross-browser testing using BrowserStack, and basic performance testing with JMeter. Familiar with SDLC/STLC and currently improving automation skills using Cypress. Focused on ensuring software quality through structured and detail-oriented testing practices.

WORK EXPERIENCE

Bits Collision – Karachi, Pakistan — Nov 2025 – March 2026

QA INTERN

- Executed manual testing for web applications and identified functional defects across multiple modules
- Designed and executed detailed test cases and test scenarios for different project requirements
- Created structured and reproducible bug reports to assist developers in reproducing and fixing issues
- Performed API testing using Postman by validating endpoints, response data, and status codes

Karachi Shipyard & Engineering Works (KSEW) – Karachi, Pakistan — July 2025 – August 2025

IFS ERP TRAINEE – INTERN

- Assisted in database queries for system validation and data verification tasks
- Worked on enterprise ERP system operations and learned IT workflows in a corporate environment
- Gained experience in professional documentation and structured reporting practices

SKILLS

Testing Skills:
Manual Testing, Basic Automation (Cypress), API Testing, Performance Testing, Cross-Browser Testing, Test Case Design, Bug Reporting, SDLC/STLC

Programming & Database:
JavaScript, Java, TypeScript, HTML, CSS, C#, MySQL

Tools & IDEs:
Postman, BrowserStack, JMeter, MySQL Workbench, Microsoft SQL Server, VS Code, Visual Studio, Eclipse IDE

Soft Skills:
Team Collaboration, Adaptability & Quick Learning, Effective Communication, Problem-Solving Skills

EDUCATION

Bahria University — **Karachi Campus**
Undergraduate Software Engineer (3.28 CGPA) — *Expected Graduation, June 2027*

Bahria College — **Karsaz NORE-4**
Pre-Engineering (79.4%) — *(2021-2023)*
Matriculation (94.5%) — *(2019-2021)*

PROJECTS

Thaleen Website – Manual Testing:

- Designed and executed test cases to validate UI components, core functionalities and user flows
- Identified UI and functional defects and reported them with proper bug documentation

InstaKin Website – API Testing:

- Performed API testing using Postman by validating endpoints, request/response data, and status codes
- Verified API responses under different scenarios to ensure data accuracy and system reliability

Lead Management Application – Manual Testing:

- Tested core features by executing structured test cases for functional validation
- Reported and documented bugs and verified fixes to ensure system reliability

1EO Website – Manual Testing:

- Conducted usability and functional testing to evaluate system behavior and user experience
- Reported defects with proper documentation and performed retesting after fixes

COURSES AND CERTIFICATIONS

Software Manual Testing | API Testing with Postman | Introduction to JMeter
QA Fundamentals (10Pearls University) | Introduction to Software Testing (Simplilearn)
